

Artistic Sewing Suite

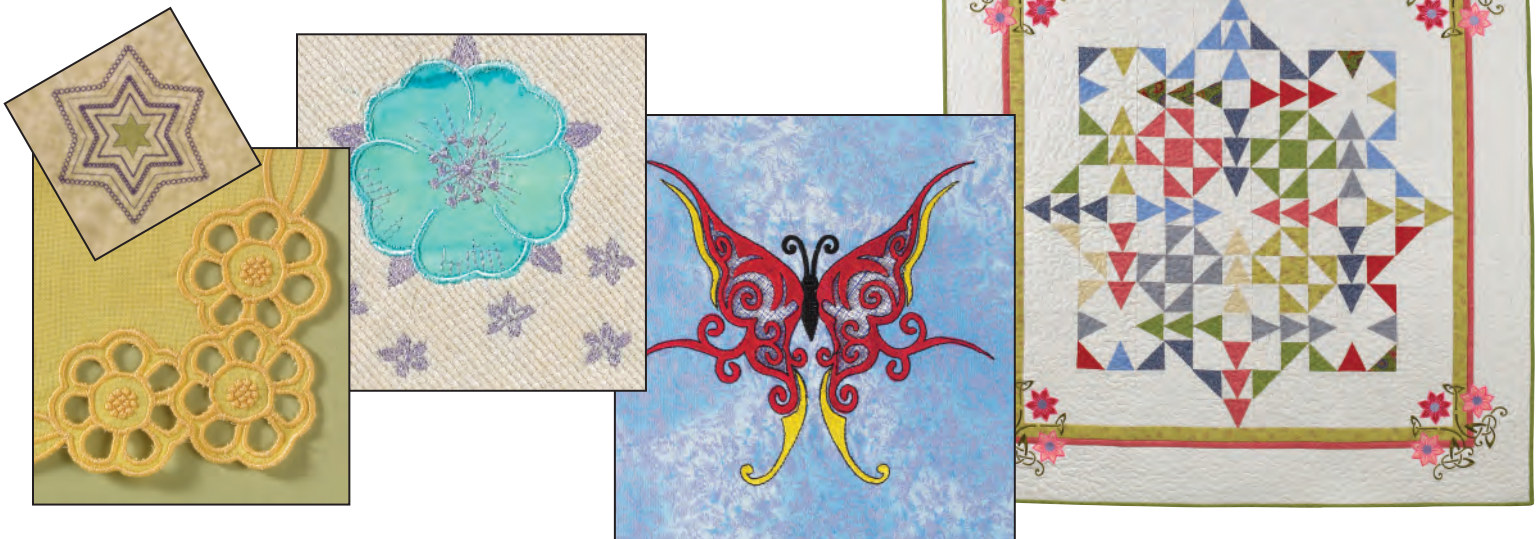

Take your designs to a new level with the Artistic Sewing Suite. This unique program allows you complete creative freedom – and the ability to control many different facets of sewing and embroidery with one comprehensive product. The Artistic Sewing Suite is an exclusive software bundle that allows you to unite all of your sewing loves – and explore new ones! Applique, cutwork, embroidery, quilting, decorative stitching, heat transfer, and more.

Great for beginners, this software makes design creation easy – but still allows you to get powerful and professional results. With 3,500 built-in designs, you can get started right out of the box.

- Easily convert True Type Fonts to stitch out or cut for appliqué.
- Use the cutting needles to turn your embroidery machine into an amazing new tool – cut out intricate appliqué or quilting shapes, or use the cutting needles to save time on a variety of applications – from crafting to scrapbooking
- Over 350 built-in stitch patterns allow you to create unique effects on your appliqué and quilting projects.
- The unique Heat Transfer tool allows you to take any artwork and iron it onto fabric – you can even add embroidery accents to the heat transfer image right in the program.

- Can be used in conjunction with a variety of other computer programs – from Quilt Layout to Quilt Finishing, other digitizing programs, even use your web cam to import designs! It's versatile enough to keep creating easy.
- The Artistic Sewing Suite has a powerful graphics program built into the software, so you can edit, manipulate, and personalize artwork from anywhere, including a webcam, and then turn it into the perfect accent for your next sewing project.
- Crafters will love the cutting capability! It can be used with a wide range of substances, from felt to foam to balsa wood for cutting any shape you can imagine.
- Reverse appliqué is easy with the Artistic Sewing Suite – no more tedious cutting! Don't worry about small corners and intricate designs - let your embroidery machine do the work.
- Combine traditional and reverse appliqué with embroidery designs with just a few mouse clicks. Elegant and innovative design is that easy.
- Use with virtually all brands or styles of embroidery machine.
